

Hello children, Come and Join me for a special children's moment.

Today is a special day in our world known as Mother's Day. For our time together today, I would like for us to recognize and honor all the women in our lives. To help us do that, I made different flowers.

The red flower is for our mothers who are living

The white flower are for the mothers who have died

The orange flower is for the mothers who are pregnant or are hoping to get pregnant

The green flower is for those who play a strong role in our lives- aunts, sisters, coaches, or teachers

The blue flower is for those who don't have children but work to make the world a better place, such as those who are working to cure COVID19.

Women are a valuable part of our world. Today I would like to honor all the women in our lives.

Look how pretty each color is on its own.

Now, let's pray for all of the women in the world.

We pray for our mothers today.

We pray in remembrance of our mothers.

We pray for those who would like to be mothers someday.

We pray for women who play a strong role in our lives.

We pray for women everywhere who are making a difference in the world.

Woah- look at all the colors in our vase. Women everywhere make a difference in our lives.

Women are a blessing. I hope today you would take the time to love on all the women in your life.
