

At the beginning of the summer, Family Ministries asked our families to let Flat Jesus accompany them on summer adventures, trips and everyday lives. They asked us to send photos of Flat Jesus enjoying His time with us and sharing His love.

Flat Jesus visited many places close to home. Some were fun adventures and some were parts of ordinary days, but there He was always beside us.

He also traveled throughout our great state of Texas, many other states in the USA and even to other countries and continents. He was there for fun, for missions and for our everyday life events, even some that were not necessarily that fun....like the dentist.

Some of us took Him everywhere we went. If anyone asked about Him, we had the opportunity to tell them all about how much He loves us....all of us....no matter where we live or what we do, He loves us. And sometimes we told people about Him even if they didn't ask.

As the summer came to an end, we may have put Flat Jesus on a shelf or in a closet. But we know that He lives in our hearts, no matter where we are. He goes with us everywhere. We don't have to carry Flat Jesus to feel Him close, but we will always remember the summer of Flat Jesus and all of our adventures with Him.
